

Inefficiencies are costing doctors and medical practices an average of **\$266,393.92** per year in lost revenue.

Is it time to implement a telehealth solution like V2MD by MediSprout and start recouping that lost revenue?

	National Averages (Weekly Hours x Average Rate)	National Weekly Lost Revenue	Your Average (Weekly Hours x Average Rate)	Your Weekly Lost Revenue
Canceled and No-Show Appointments	19.36 x \$125	\$2,420.50	_____ x \$ _____	= \$ _____
Calls to Discuss Prescriptions	32.82 x \$17.50	\$574.42	_____ x \$ _____	= \$ _____
Emails for Test Results	49.81 x \$17.50	\$871.71	_____ x \$ _____	= \$ _____
Calls to Address Patient Issues	53.56 x \$17.50	\$937.34	_____ x \$ _____	= \$ _____
Emails to Answer General Patient Questions	18.22 x \$17.50	\$318.99	_____ x \$ _____	= \$ _____
Weekly Total		\$5,122.96		
Yearly Total		\$266,393.92		

With V2MD, you can generate revenue for the work you put in!

*V2MD is covered by most insurance companies, is free for you to use, and costs patients **only \$4 per video call**. You have the option to set your own fee structure if you choose to charge patients out-of-pocket and get paid directly to your account.

**please check with your insurance provider*

V2MD will help you see more patients, increase billable time and streamline your practice by filling openings in your schedule and turning after-hours care and communications into a new source of revenue.

Get started with V2MD and begin experiencing better, more efficient care in minutes. Visit us at medisprout.com for more details.
